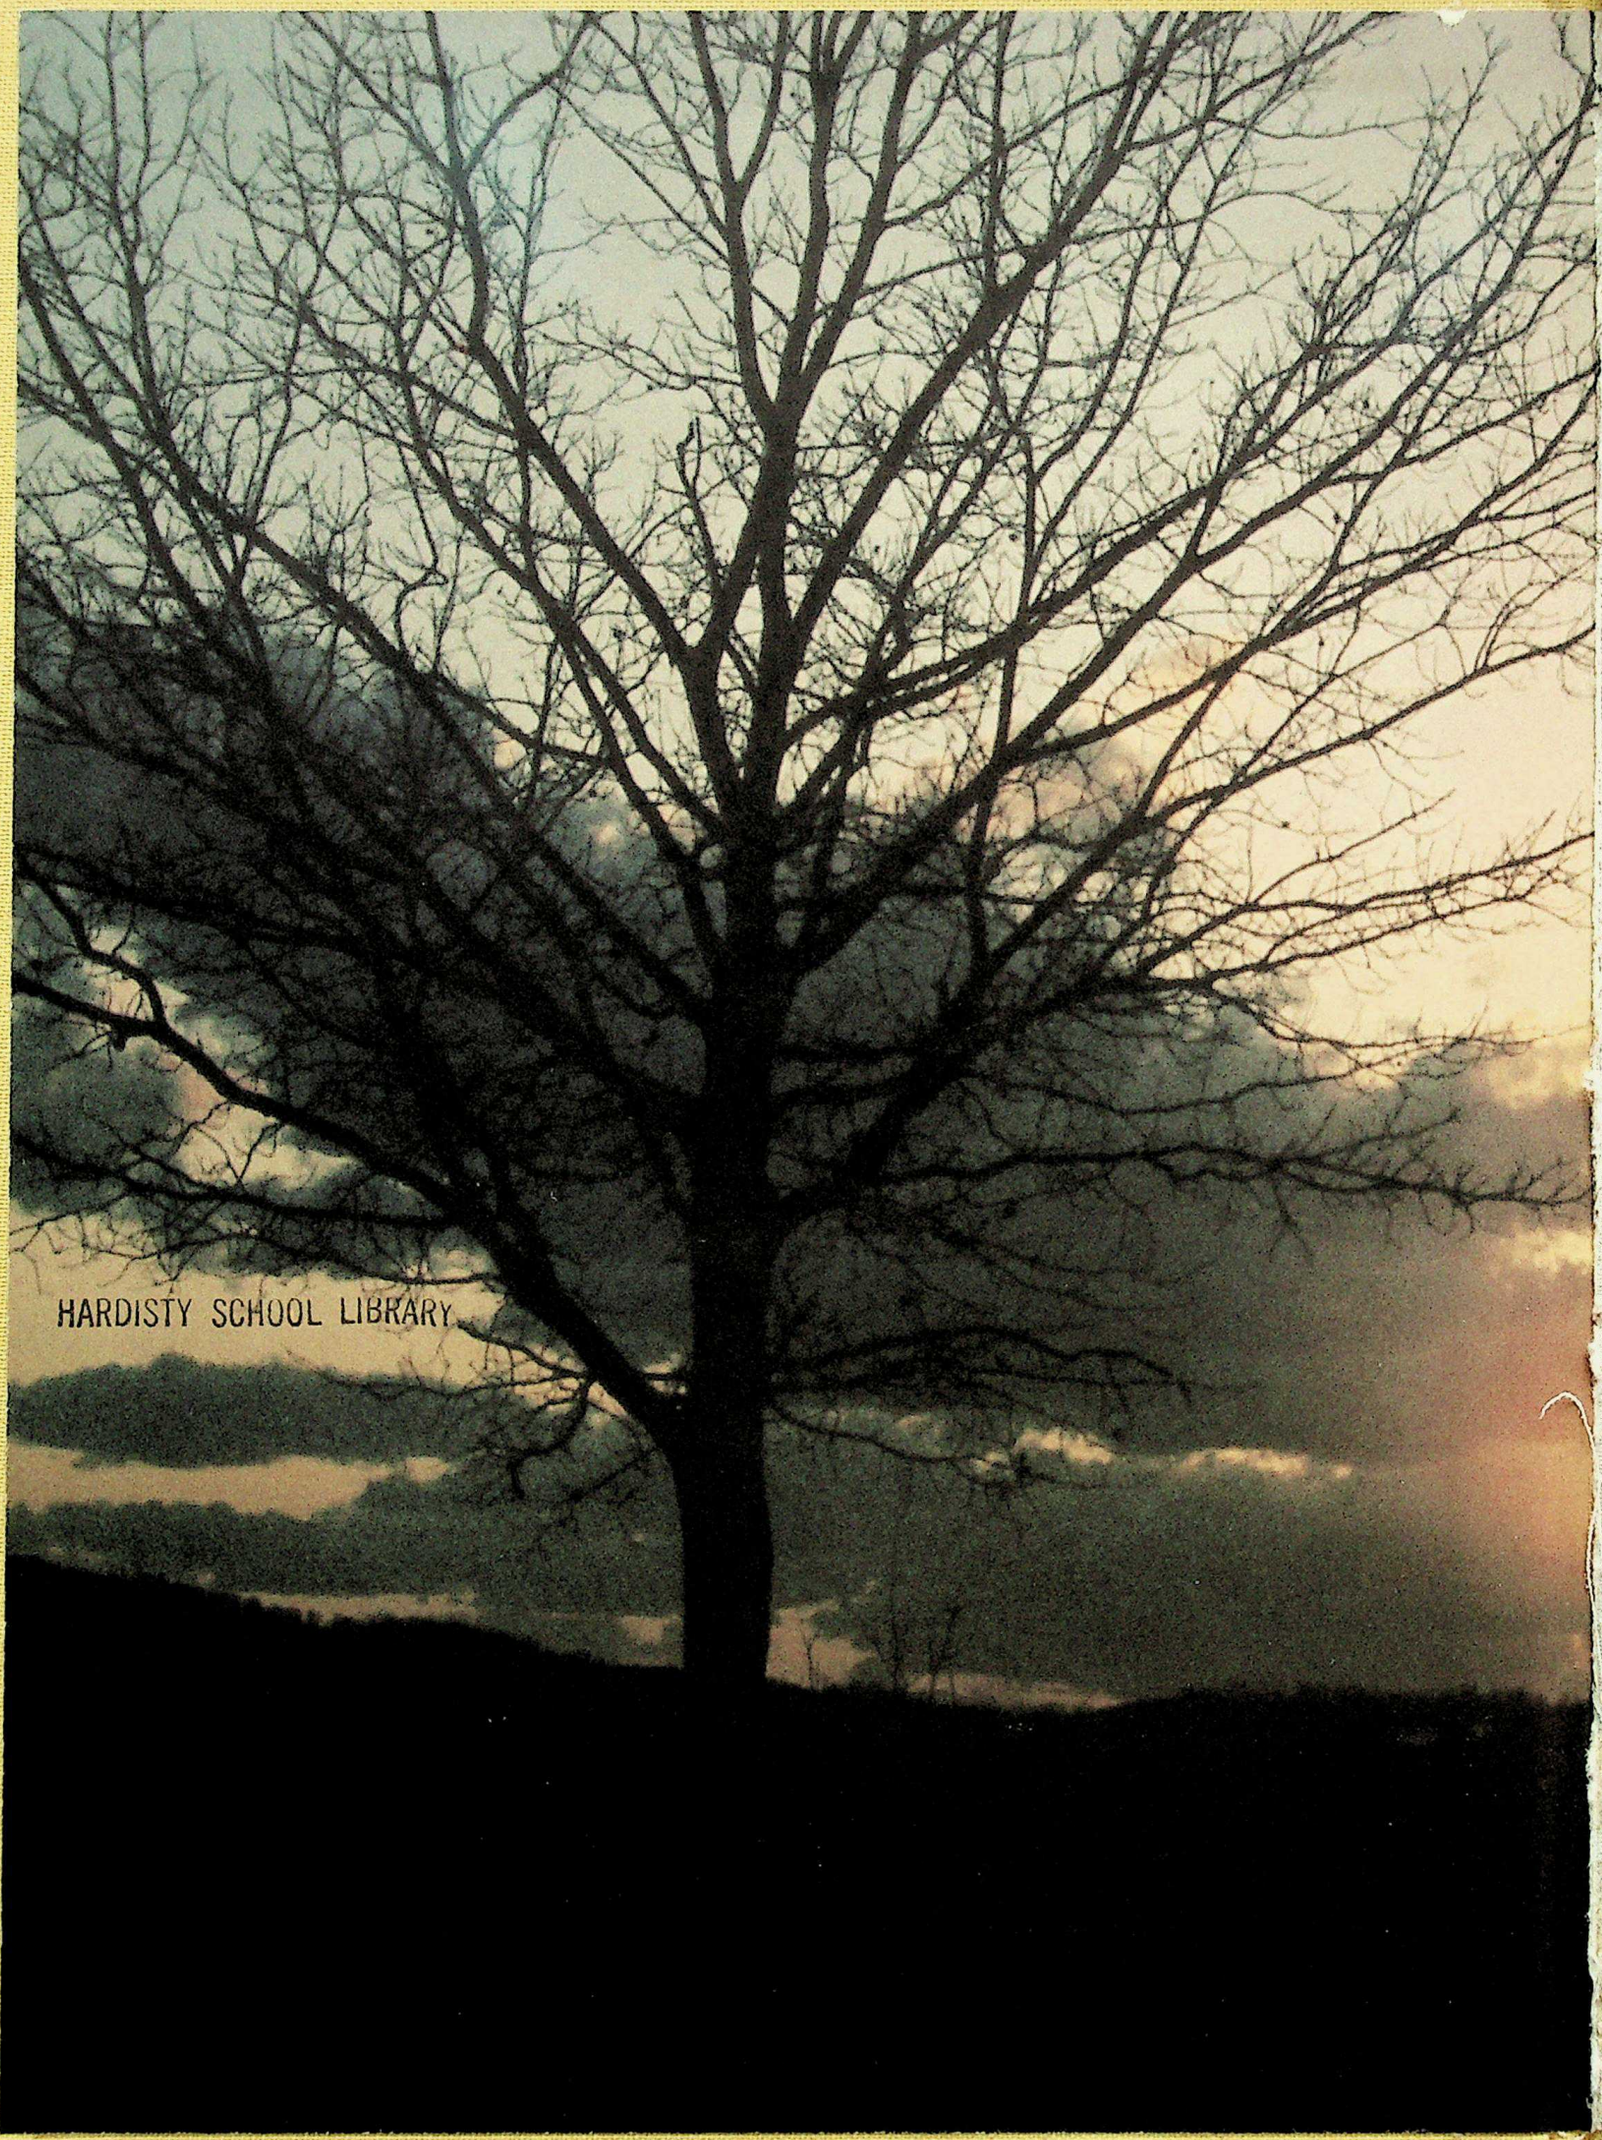
HARDISTY HORNET 1981



HARDISTY SCHOOL LIBRARY

HARDISTY JUNIOR HIGH SCHOOL

The 1980-81 year is drawing to a close. It has been an exciting year for students of Hardisty Junior High School. As we look back, remembering the good times we had, the smiles we exchanged, and the laughter, we try to remember the way we were.

As in previous years the students participated in a number of events. In October, the Hardisty 500 took place. The students competed in a tricycle race, running shoe wrestling, and an orange relay. The students had to work together to achieve their goal.

When December drew near, the students really got into the Christmas spirit. Mistletoe made the rounds, and smarties were counted.

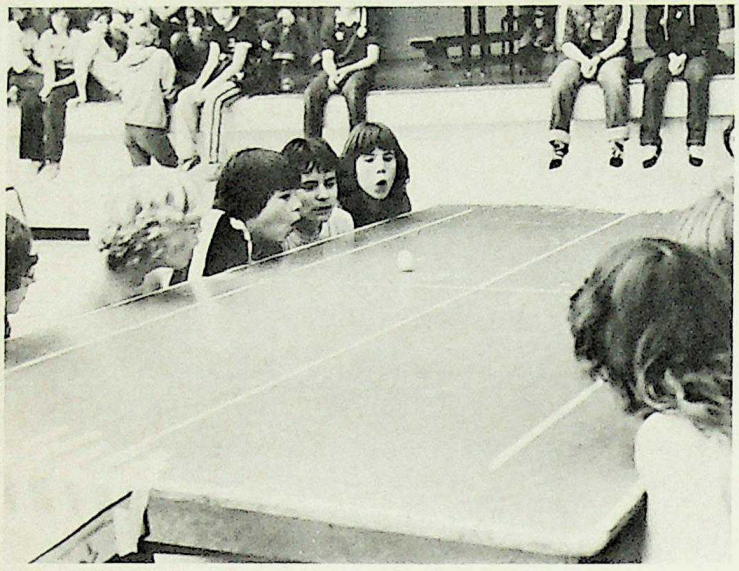
February brought snowfest. Eggs were tossed, snowshoes were lifted, legs were tied, miles were run, and doughnuts were devoured.

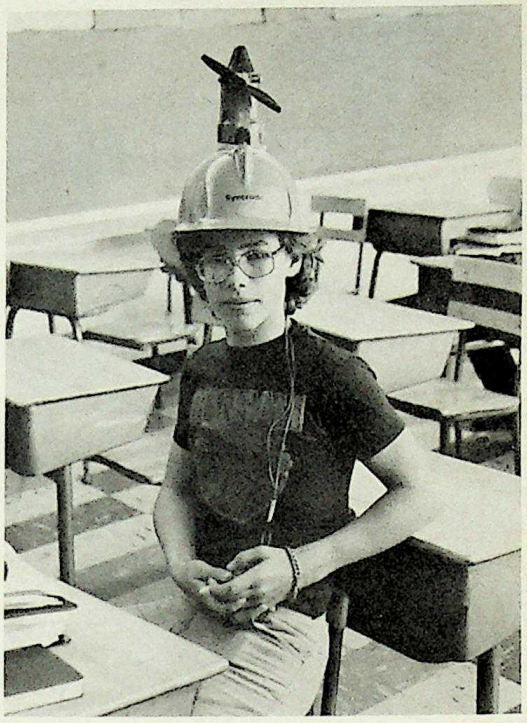
Valentine's Day brought life to Harry Heart Throb Day. It was very much enjoyed by everyone.

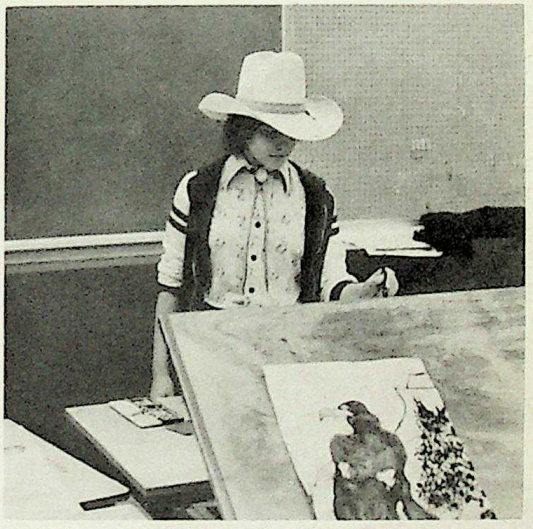
The students got out their cowboy hats and boots for Western Days. Everyone had fun waltzing and dancing the polka to the Western music.

When this super year terminates, the grade nine students will go happily and sorrowfully to Grad. Grad marks the end of their junior high school years. However, they will go on to high school where new opportunities will open up to them.

The yearbook staff sincerely hopes that this yearbook will bring back the memories of the way we were.







Principal's Message

PRINCIPAL'S MESSAGE

Try to remember the way we were when we finished our first year of school. How comfortable it was to have the security of your parents and your teachers. But as soon as we became comfortable with that type of living, we soon discovered that life goes on. As we grow older we look at things in a different way.

Then as we remember the way we were at the end of elementary school, we realize that we became more independent. The way things were to a large extent were the results of our actions. When we did things that annoyed other people we often realized the problems. When we were pleasant and worked for the benefit of others, we reaped the benefits.

Now, in Grade 9, the horizon for your independence has expanded. Your living environment is controlled by you to a greater extent. The way you get along with people, the comforts you enjoy, and the future you plan is becoming your responsibility.

At Hardisty our aim is to help you, the student, to prepare for your responsibility of making suitable decisions for your future. We hope that what you learn will be of great value to you and to your society.

The Hornet, your yearbook, should be a pleasant aid to help you to remember your years at Hardisty. For this, we wish to thank the Yearbook Committee and their staff adviser for producing this book.

We wish the best to all of our students in the future, and especially to our grade nine students. May your memories be pleasant ones when you remember Hardisty School and staff.

Editor's Message

I hope the 1981 Hornet yearbook will help you to remember the good times and laughter of the past year.

I have really enjoyed the experience of being editor. With all the effort and great ideas of my co-editor, Trisn Groot; photographer, Andrea Dzenick; advisor, Mr. Chamzuk, and the rest of the yearbook staff; this yearbook has been a complete success. Special thanks to the typists, with their endless patience. When you look back in the 1981 yearbook I hope you will remember the way we were.

President's Message

Over the past year, I have had quite an interesting and enjoyable experience as President of the Student Union. I'd just like to take this opportunity to thank all those who made this successful year possible. I would like to thank the two supervisors, Miss Kulmatycki and Mr. Cathers for their expert ideas and good judgement in many situations. I would also like to thank Kelly McDonald and Janice Cherewick, along with the rest of the student union, whose excellent suggestions and timeless extra work really kept the organization going. Last but certainly not least, I would like to thank you, the students, whose patience and participation in school events really made my job a little easier and a lot more fun.
